

QUESTION(S) PRESENTED

1. The Petitioner's Life is in Danger, because he refuse to accept his restraint from liberty?
2. The Warden is relying on false information to restrain me from my liberty, created by the USPO and the attorneys acting under the disguise of the United States?
3. I am being held in violation of the Constitution for the State of Tenn. the United States of America, and now the Constitution for the State of North Carolina.

STATEMENT OF THE CASE

On or about August 4, 1995, the petitioner was stop by local drug enforcement officers acting as, local police officers, and acting on a tip from unknown sources that the petitioner was suppose to be trafficking in a "bunch" of dope in the State of Tenn., Maury County, City of Columbia, the knowledge of the alleged offense was known before the "traffic stop", and according to the "Newly Discovered" records obtained in 1998, the arresting officers did not obtain the proper authenticated records to stop and then search the vehicle of the petitioner. The prosecuting attorneys from Nashville, TN, had the petitioner abducted & kidnapped from the County where the crime took place and place some 100-miles away in the Clarksville, Montgomery, County jail after some (49) days had passed after the petitioner was release and [not charge] for the traffic stop on August 4, 1995. While the petitioner was being transfer back and forth from Clarksville to Nashville, TN for trial, Petitioner filed over 100 motions asking the court to order the government to prove requisite jurisdiction over the subject matter, and other require proofs of jurisdiction as well, none was ever proven, and none of the critical pre-trial motions were ever review as require by the rules of the court.

In stead of the petitioner's liberties being protected the petitioner was defamed, humilitated, and told by U.S. Marshal's that he was a "scorge" to the state of Tenn., And by the fraud and duress imposed against the petitioner in Federal court at Nashville where he was convicted by a jury who was not a jury of his peers. The petitioner life was in danger and has been so since being abducted and kidnapped on or about Sept. 28, 1995.

REASONS FOR GRANTING THE PETITION

The reasons the Writ of Habeas Corpus should be granted is setout on Page-8, of the Petition for Writ of Habeas Corpus, and because the original cause of conviction stems from the Manufacture of the alleged offense by the known and unknown within the Middle District of Tennessee, Nashville Division in Case Docket No. 1:95-CR-00006, And because the Governor never gave express consent or cession over the land where the Federal crime suppose to have taken place, along with the State of Tennessee Seizure and Property Report, not showing that a Weapon was a part of the property taken out of the Rental Car, and the Newly Discovered Evidence shows that the amount of illegal substance was tampered before it was brought before a Grand jury (3) times the court never instructed the jury about these events and it was withheld by the government at trial.

The jury was never instructed about the actual amount of drugs that was found in the rental car [8.1 Grams], and that the alleged gun was not on the State of Tennessee Seizure and Property report signed by the petitioner, the district court and Sixth Circiut has been informed about the "Newly Discovered" evidence but have refuse to correct the district court mistakes, is this normal?

The relief requested is setout on page-8, of the Petition for Writ of Habeas Corpus.

ORDER

LEONARD GREEN, Clerk

Pro se federal prisoner Alfred Lee Mauldin appeals a district court judgment that dismissed his 28 U.S.C. § 2255 motions as untimely. His notice of appeal has been construed as a request for a certificate of appealability pursuant to Fed. R. App. P. 22(b). Mauldin seeks leave to proceed as a pauper.

In February 1996, a jury convicted Mauldin of possession of cocaine with the intent to distribute it, possession of a firearm by a convicted felon, and using and carrying a firearm in relation to a drug-trafficking crime. As an armed career criminal, he was sentenced to 322 months of imprisonment. His convictions and sentence were affirmed on direct appeal. *United States v. Mauldin*, 109 F.3d 1159, 1163 (6th Cir. 1997). Mauldin did not file a petition for writ of certiorari with the Supreme Court. According to Mauldin, he filed an unsuccessful petition for relief under 28 U.S.C. § 2241 before filing these § 2255 motions.

Ex. 16

On March 5, 2000, Mauldin filed three identical § 2255 motions, claiming multiple grounds for relief. The court dismissed Mauldin's motions as untimely and later denied a certificate of appealability.

Upon review, it is concluded that jurists of reason would not find it debatable whether the district court was correct in its procedural ruling that Mauldin's § 2255 motions were untimely. *Slack v. McDaniel*, 529 U.S. 473, 484 (2000).

It is noted that Mauldin's filing of a § 2241 petition did not operate to toll the statute of limitations applicable to a § 2255 motion. *Compare* 28 U.S.C. § 2244(d)(2) (concerning 28 U.S.C. § 2254 petitions). It is also noted that the Supreme Court's recent grant of a petition for certiorari in *Clay v. United States*, 122 S. Ct. 2658 (2002), does not require that the court hold this case in abeyance. In *Clay*, the court granted the writ on the question "[w]hether petitioner's judgment of conviction became 'final' within the meaning of 28 U.S.C. § 2255 ¶ 6(1) one year after the court of appeals issued its mandate on direct appeal or one year after his time for filing a petition for writ of certiorari expired." Because Mauldin's petitions were filed almost three years too late, the question presented in *Clay* cannot help his case. Finally, a review of the record indicates that Mauldin cannot meet the test for equitable tolling of the limitations period. *Dunlap v. United States*, 250 F.3d 1001, 1004-05 (6th Cir.), *cert. denied*, 122 S. Ct. 649 (2001).

Accordingly, a certificate of appealability is denied, and pauper status is denied as moot.
